

# Wedding Ceremonies with a difference!

Imagine, completing all the legalities of the Wedding Registrar and walking straight out into your own personally created Wedding Blessing / Handfasting Ceremony ....

***Entrance*** (to your favourite music)  
***to join family and friends and enjoy  
a fun-filled and joyous Ceremony  
that has been especially  
written and created for you.....***

As a professionally qualified Interfaith Minister I create each Ceremony individually, working with your own ideas, feelings and beliefs (whatever they may be) to make a

**truly special and memorable day for you always to remember ....**

*Stone circle nearby may also be used as part of Hunters Inn Ceremony*

Before your special day we will communicate regularly, putting together ideas and writing your own heartfelt vows to each other and can even include a Handfasting ritual which is becoming increasingly popular. The day before there will be a practice run through, so that all is clear, and you will be made to feel completely relaxed and in a frame of mind to enjoy your day – we have a great team here at the Hunters Inn and are here to make sure that everything runs smoothly – we love these occasions! Hunters Inn is in the heart of the Heddon Valley in Exmoor and near to the sea - a stunning and very special location for those seeking their own spiritual authenticity in a powerful landscape.
